

Kickstart

Kickstart

Kickstart, a targeted assessment, discovery, and population of selected departments on campus

Cleveland State University
Barbara Strauss
August 3, 2012

- What is Kickstart?
- Why did we get Kickstart?
- What did Kickstart do for us?
- Would CSU recommend it?

Kickstart, a targeted **assessment**, discovery, and population of selected departments on campus

Assessment - develop a knowledge of the breadth of collections at Cleveland State

Kickstart, a targeted assessment, **discovery**, and
population of selected departments on campus

Assessment

Discovery – discover through an environmental scan of
the CSU website and from the Web of Knowledge

Kickstart, a targeted assessment, discovery, and
population of selected departments on campus

Assessment

Discovery

Population -- populate select departmental series and
SelectedWorks pages with published articles from
faculty

Kickstart, a targeted assessment, discovery, and population of **selected departments** on campus

Assessment

Discovery

Population

Selected departments - survey to include ten departments and population of four faculty collections

Kickstart, a targeted assessment, discovery, and population of selected departments on campus

Assessment

Discovery

Population

Selected departments

On-site training - establish foundational knowledge, basic workflows, and recommendations for liaison librarians to support the repository initiative

Kickstart deliverables

- [Environmental survey](#)
- Population of faculty collections (Chemical & Biomedical Engineering, Electrical & Computer Engineering, History, Political Science, Sociology & Criminology)
- Metadata and series set-up for each of the selected faculty collections
- [Listings of articles](#) available to be posted in the post-print format
- Permission letter generation for articles able to be posted as publisher's PDFs
- Delivery of those letters to the appropriate point person
- Citation and article posting for articles permitted to be posted in publisher's PDF format
- SelectedWorks site build for those participating authors

Why did we purchase Kickstart?

- Support of Provost Geoffrey Mearns
- Put us on the fast track to success
- Shrinking staff
- Change the scholarly image of CSU

What did Kickstart do for us?

- Made the Library look good on campus
- Gave us time to figure things out
- Gave us time to work with faculty
- Gave us time to recruit other campus staff
-  Gave us an abundance of new ideas

Would CSU recommend Kickstart?

Especially for campuses that do not have a repository for faculty publications
