NEW YEAR'S GIFTS -- To start off 1965 we have two handsome presents .. \$10,000 from Eugene J. TenBrink, Sr., to establish the Alice G. TenBrink Memorial Scholarship fund ... and \$1,000 annually to establish the William J. and Margaret C. Branstrom Freshman Prize Program.

Mr. Ten Brink ... life-long Allendale resident ... served on the zoning board way back when the Allendale site was picked for GVSC ... has watched the college grow these past years ... and decided a scholarship fund in memory of his mother was an appropriate gift to the college in his own back yard.

The Branstrom Prize Program will award specially selected books to students who have achieved academic excellence ... both books and honor students to be picked by a GVSC committee ... anything left over in the fund will go to scholarships.

CATALOG 1965-66 -- The new catalog has gone to press ... delivery expected the first week in February. Copies can be obtained by writing the Admissions Office.

ARTS ON CAMPUS '65 -- Bigger and better than last year ... the Arts on Campus weekend has been set for May 21, 22, and 23. Concerts, art exhibit, films, dance group, drama ... with a Beaux Arts Ball to provide a grand finale.

HIFYS -- The Honors Institute for Young Scholars ... held last summer at GVSC for the first time ... will be in session here next summer from July 6 to August 13. In addition to work in physics, chemistry, mathematics, and creative writing two new programs have been added ... in biology and in American history.

LATEST ENROLLMENT FIGURES -- The winter quarter began with 505 students registered ... 26 of them are new to the college this quarter. Applications for the fall freshman class are up to 407.

SPRING SPORTS -- Athletic director Chuck Irwin promises two inter-collegiate teams will take the field this spring ... golf and tennis. Some tennis matches will be held on GVSC's courts ... marking the first home games for the as-yet-unnamed GVSC teams. Plans to choose a nickname are underway ... a suggestion box is posted and students will vote for their choice.

CITIZENS' COUNCIL GROWS -- Sixteen new members of the Citizens' Council were named by the board of control at its January meeting ... to join those re-appointed to serve as GVSC honorary alumni. From Grand Rapids are Robert D. Steketee, Oliver L. Robinson, Steele A. Taylor, Dr. Jay L. Pylman, Allen I. Hunting, David B. LaClaire, Carl R. Edmonds, John Edison, Douglas W. Hillman and A. WELCOME TO THE CAMPUS -- Dean of Student Services Louis C. Stamatakos has moved into his office in Lake Michigan Hall ... says his job is "challenging" ... hasn't decided yet where he and his family will settle but leans toward a home on the water. Stevens W. Hilyard ... assistant librarian ... just finished MA work at the University of Michigan and assumed duties at GVSC on January 4.

LAKE HURON HALL LIBRARY -- Some 8,000 volumes were moved to Lake Huron Hall ... books and periodicals dealing with history, economics, sociology, and political science. Books on science and the humanities remain in the Lake Superior Hall library.

PROGRESS REPORT ON LOUITIT HALL -- This open winter may be disappointing to skiers ... but it's a blessing to new construction. Excavation is complete for the Loutit Hall of Science ... footings are all poured ... and work is underway on foundation walls. Structural steel work begins in mid-February. Target date for completion of December 7 seems within reach.

NEW FACULTY MEMBERS -- Three new faculty members were approved by the board of control. Dr. Quirinus Breen ... professor of history ... will come to us from the Princeton Institute of Advanced Studies. He is a Calvin College graduate ... with a PhD from the University of Chicago ... and was formerly professor of history at the University of Oregon.

William Seeger ... assistant professor of German ... is now completing requirements for his PhD at the University of Wisconsin. He is a Grand Rapids native, with BA and MA from the U of M. Both these gentlemen will join us next September.

Already on campus is Mrs. Doris Andersen ... lecturer in Spanish. Mrs. Andersen received both her BA and MA from Teachers College of New York University at Albany.

TELEVISION INSTALLATIONS COMPLETE -- Closed circuit TV is almost ready to go ... to augment the audio resources used during the fall quarter. TV programs can be shown in one lecture hall and all classrooms in Lake Superior Hall ... portable monitors are ready for the carrels ... and the cables are being extended to Lake Huron Hall for TV installation there. First campus-wide use of the closed circuit facilities will occur in late January ... when President Zumberge makes his annual "State of the College" address.
