Grand Valley State College

Governor Appoints New GVSC Board Members

Governor James J. Blanchard has named two new members to the Board of Control of Grand Valley State College: Robert C. Pew, chairman and chief executive officer of Steelcase, Inc.; and Roman Ulman, administrative coordinator for the Commission of Public Lighting, City of Detroit. Both men were appointed to serve eight-year terms.

Pew was involved with the founding of GVSC as a member of the Citizens Council, which was instrumental in establishing the college in 1960. He recently served as a member of the Governor's Commission on the Future of Higher Education.

Pew has been with Steelcase, Inc., for 33 years. A native of Syracuse, New York, he is a graduate of Wesleyan University in Connecticut. He served as a pilot for the U.S. Air Force during the Second World War and the Korean crisis. He is active in many cultural, economic, and social agencies in the community.

Pew replaces board member Robert C. Hooker, who was appointed by former Governor William G. Milliken in 1982 to complete a portion of the term remaining when Tom Downs of East Lansing resigned. Hooker is president of Transnational Motors, Inc., Grand Rapids.

Roman Ulman was born in Poland and has lived in the Detroit area since 1948. Before accepting his current position with the city, he was a principal clerk with the 36th District Court of Detroit for ten years. He has served as deputy director of the city's City Civic Center Department and also worked for General Motors for a short time.

A 1977 graduate of Wayne State University, Ulman holds a B.A. degree in political

science. He is active in the alumni association of that institution.

Ulman, 42, a Democrat, serves as a state party officer on the Democratic State Central Committee and is active in the 14th state congressional district. He also serves as president of the Polish Central Citizens Committee.

Ulman replaces Earl Holton, who resigned from the Board of Control in 1983. Holton is president of Meijer, Inc.

GVSC Ranks High In Tri-County "Draw"

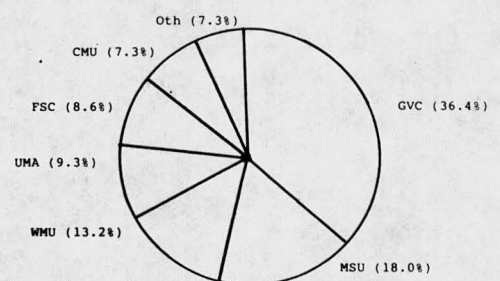

Grand Valley's Office of Institutional Analysis has completed a survey of Michigan's 15 public colleges and universities which provides data on numbers of Michigan resident students from each county attending each of the institutions. Grand Valley conducted the survey to ascertain the effectiveness of its own recruitment efforts but also as a service to the other higher education institutions in the state. Such information was not previously available.

As the following graphs indicate, GVSC ranks highest in drawing power for students residing in Kent, Muskegon, and Ottawa counties.

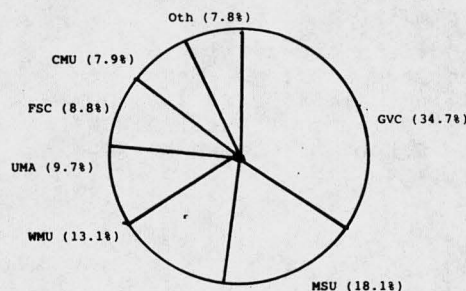

Last fall there was an increase of 1.7 percent over the previous year in the number of tri-county area students attending GVSC.

Grand Valley ranked ninth out of the fifteen state colleges and universities in statewide "drawing power."
