

## Errata

*Additive Manufacturing Learning Module:* Header of the Beginning Document should be Learning Module

*Introduction Learning Module:* The web link at in the first paragraph of section 2 has changed to: <https://qrm.engr.wisc.edu/evolution-of-manufacturing-strategy/>.

*Logistics and Inventory Management Learning Module:* Header of the Beginning Document should be Learning Module

*Production Organization Learning Module:* The reference to ideafinder.com on page 2 has been removed.

*Quick Response Manufacturing Learning Module:* Beginning and Writing Documents. The Suri overview is now found on YouTube at: <https://www.youtube.com/watch?v=JHaxwZW-Kdg&t=202s>

*Single Workstation Learning Module:* The following paragraph on page 16:

The Modeling Operating Times and Demand learning module discusses this case in section 4.5, including Figures 9 and 10. Using the formulas for the mean standard deviation in Figure 9 yields a mean CT of 5 minutes and standard deviation of 4.24 minutes. Thus, the coefficient of variation,  $CV_{CT}$ , for the combined part is  $4.24 / 5 = 0.85$ .

Should be:

The Modeling Operating Times and Demand learning module discusses this case in section 4.5, including Figures 9 and 10. Using the formulas for the mean standard deviation in Figure 9 yields a mean CT of 5 minutes and standard deviation of 3 minutes. Thus, the coefficient of variation,  $CV_{CT}$ , for the combined part is  $3 / 5 = 0.6$ .

*Verification and Validation Learning Module:* Header of the Writing Document should be Verification and Validation
